Foreword — Dedication

★

As the members of the Centripetal Staff sought for their dedication and theme for the 1962 yearbook, the words of St. John the Baptist, "There is One in your midst . . . ", flashed through their minds. Christ, the school's patron, has influenced, encouraged, and participated in every phase of the school's life.

Since the school opened her doors in 1929, He has dwelt, a Prisoner of love, in her fourth floor chapel. Here He waits to guide, aid, and sanctify the students who implore His help. He is the Listener of problems, prayers, hopes, and dreams.

During the years of the Great Depression, it was through His intercession that Central managed to stay open. The faculty and students turned to Him for help and received it. In thanksgiving for this special favor the Guard of Honor, (each student offering one special hour of his day to God), was established at Central in 1932. This promise is renewed each year when each incoming freshman is enrolled in the organization.

No one, however, can even begin to evaluate Christ's contributions to Central. Nor can one count the vast spiritual blessings that He has bestowed on her students and faculty. To show our appreciation for all His love and favors, we, with deep veneration and devotion, dedicate this, the 1962 Centripetal, to Central's patron, Christ the King.

Retreat

Time for a Spiritual Review

Under the guidance of Reverend Francis Nugent and Reverend William Martin the students participated in the annual retreat. During those three days Centralites were able to take stock of their lives and to make serious resolutions concerning the future.

For that period of time they aimed to maintain a closer contact with God through prayer, spiritual readings, and the reception of the sacraments. Besides these opportunities the students were encouraged to discuss their personal and spiritual problems with any one of the spiritual directors who were anxious to serve them.

Students participate in the Benediction of the Blessed Sacrament.

Religion

Instills in Us a Love and Adoration for the Triune God

To merely tell us what is right and wrong is not the purpose of religion. Religion should instead instill in us a love and adoration for the Triune God and impart in us a certain dignity, modeled after our Divine Redeemer. By encouraging the practice of virtues, religion develops our character and completes our personality. Because of the laxity of many Catholics and the ever increasing danger of aetheism and secularism, we, the future generation, are given the essentials necessary for a peaceful and Christ-like life.

During our first three years we study each member of the Trinity and then in our final year we collect all previous information and make it the center of our future life.

English

Basis for our Communications

Though it is often taken for granted, we could not communicate with one another or express our ideas without English. Appreciation of literature and correct application of grammar are the main objectives of the English course.

In the freshman and sophomore years the emphasis is mainly on grammar while the major work of Junior English is a research essay. Seniors focus their attention on English literature or have a choice of Journalism, Public Speaking, or English Composition.

Poise, clear expression and self-reliance are the aims of Public Speaking class where students participate in speeches, debates, and panel discussions.

French

Imparts a Knowledge of France and Her People

Dans notre l'ecole nous parlons francais. And here's where we do it—room 215 under the direction of Soeur Marie Caroleen with the help of radio, hi-fi, and tape recorder, purchased this year with Top Value stamps donated by the French students.

Another new addition to the French classes was Bruno Carton, an exchange student from Lille, France. Bruno helped the students with their pronunciation of the language and he imparted a knowledge of France as a Frenchman knows it.

The first two years of French are spent in the study of grammar and conversation with a glimpse of French culture and history. The third year classes study idioms and the literature of France.

The French language trains the students in clear and accurate thinking. Many of our English customs, recipes, cliches, and ordinary words come from the people of France. The French student obtains a thorough knowledge of France, her history, her traditions, her language, her people.

Eliminates Post-War Prejudice

Sr. M. Adolph

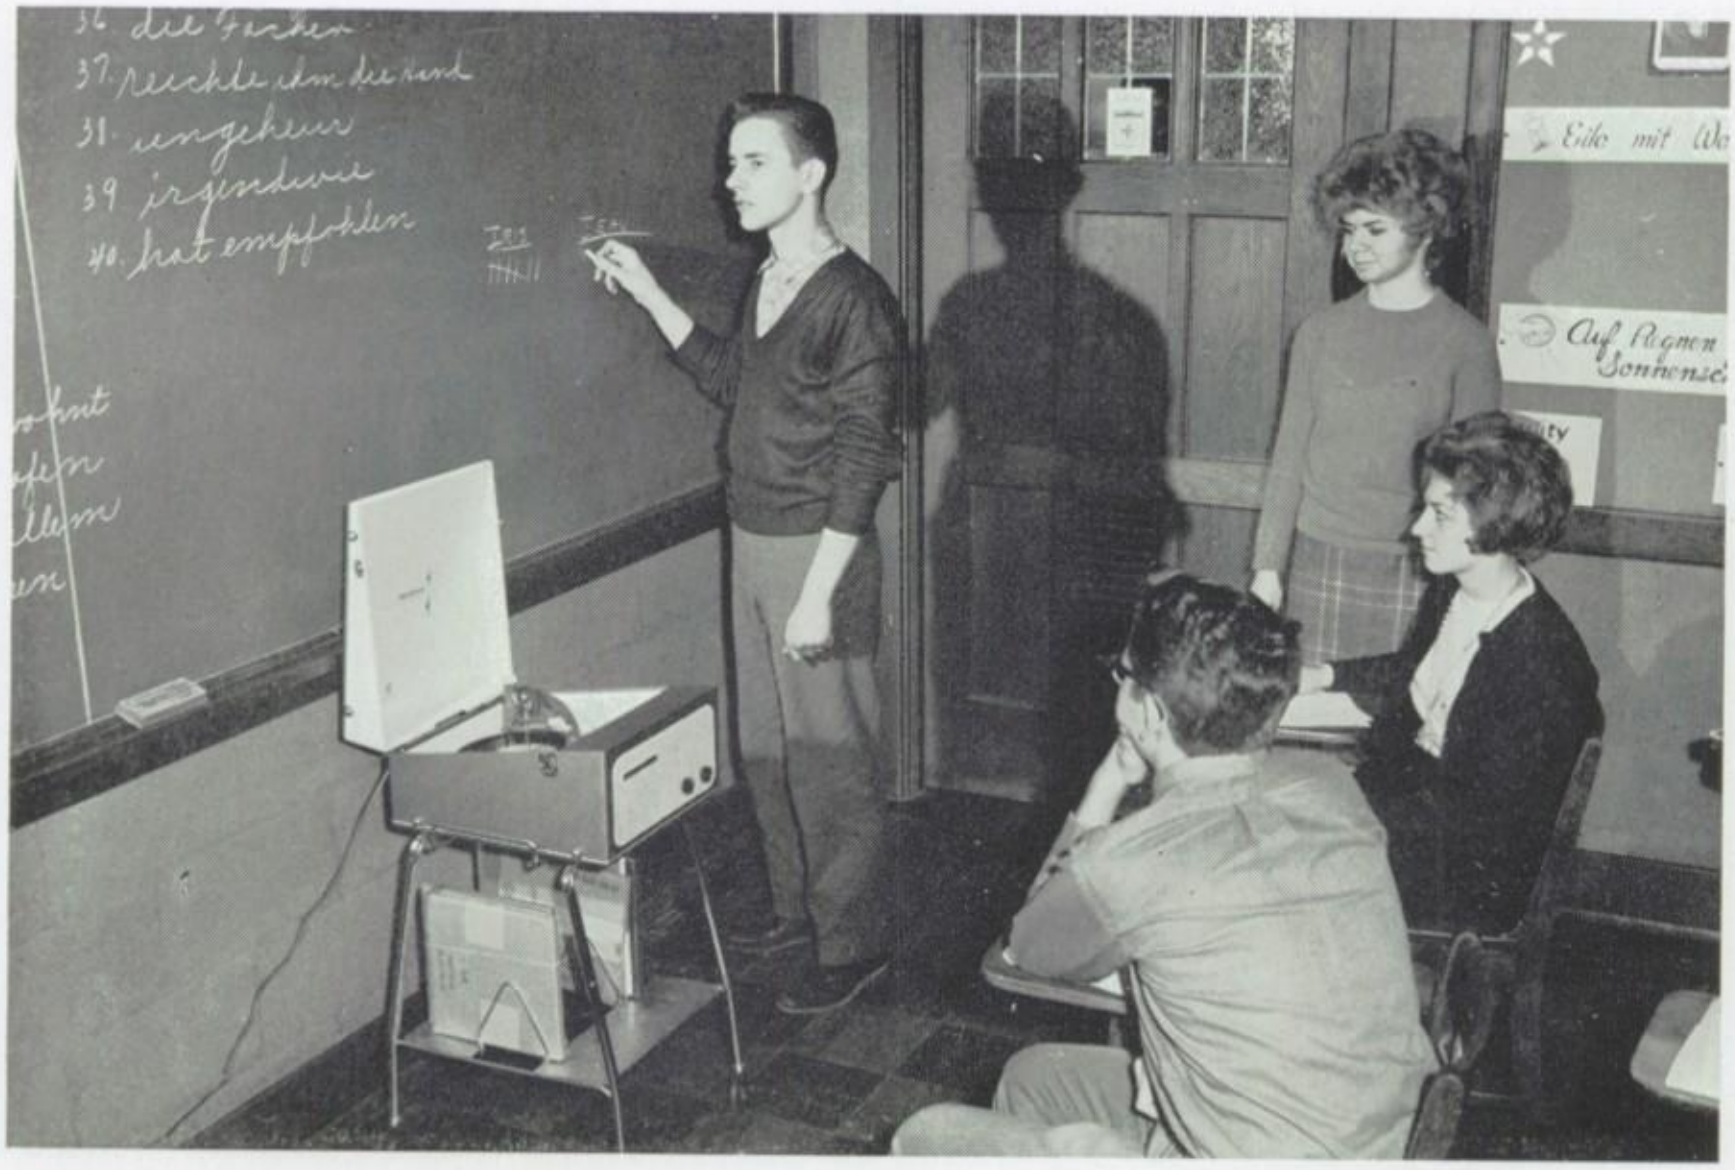
German

A four year course in German, one of the most fascinating languages, is offered to the student here at Central. Students learn the fundamental rules of the language, pronunciation, and vocabulary. Later they build up their vocabulary and acquire a thorough knowledge of the language, history, and culture through German reading. Records in dialect and original student compositions in German compliment the course.

Outside of regular classwork the students have special projects each semester. The third year class made pictorial maps of Germany and all classes illustrated German proverbs. During the second semester, students illustrated and translated elementary English readers into German.

The study of German helps to eliminate the prejudice existing since the war. After her geography, art and literature, customs and traditions, industry and politics, the student can understand the problems of Germany today and appreciate her contribution to the modern world.



I. Buescher and J. Beller try their German skill while J. Farkas keeps score.

Spanish

Link with Latin-American Life

One of the most spirited and cultured languages of today is none other than Spanish. Central offers students the opportunity to participate in the study of this ever-popular South American language.

Students who wish to study Spanish are given the choice of one, two, three, or four years. In the first and second years, the students study grammar and the use of conversation is stressed. Third year students are introduced to literature, composition, and Spanish and Latin customs. A more thorough study prevails in the fourth year when students devote their studies to the great works of Spanish literature and Don Quixote.

"Venit, Vidit, Vicet, I came, I saw, I conquered." These famous Latin words and their meanings have been repeated and heard many times throughout the years.

Students are given the opportunity to study Latin for one, two, three, or four years. First year Latin deals mainly with the conjugation of verbs and the declension of nouns. During the second year, Caesar's Wars and sentence and paragraph structure are studied. A more detailed study prevails in the third and fourth years in translating the orations of Cicero and Vergil.

This course offers students an opportunity to increase their vocabulary and to better understand the usage of words and their meanings.

Mathematics

Develops the Mind

In order to graduate from Central, each student is required to take at least one year of mathematics. Of course, most Centralites participate in two, three, or even four years of this subject.

As freshmen, students may enter either algebra or general math, while sophomores and juniors may study plane geometry and advanced algebra respectively. Seniors have the opportunity to study math in two units; trigonometry and solid geometry. One of the newer developments is the combined course of

Mathematics

solid geometry and plane geometry which is offered to the accelerated group of math students.

Top students in mathematics are given the opportunity to participate in the annual Mathematical Contest which is sponsored by Toledo Area Mathematical Teachers. The contest was given on April 7 this year at which time Central students competed their math skills and abilities with other Toledo area schools.

Mathematics is a necessity for further scientific developments of tomorrow.

Biology

The Study of Living Things

Every human being is created by God and as babies, nature steps in and takes over its growth. Nature is one of the most studied aspects in the world today.

Here at Central, students are given the opportunity to engage in the study of living things. The biology classes are devoted to the study of man, plants, animals, and their functions. Through this course students can increase their knowledge in the scientific field.

Students study the smallest living organisms by the use of a microscope. They are given a chance to perform as surgeons by disecting animals to examine the internal structures and various organs. By doing so, students become more familiar with many of God's creations.

One of the main events of the year is the preparation of a project to enter at the University of Toledo for the annual Science Day. Those who receive an excellent or superior rating may go farther for state competition.

General Science

Study of God's Creation

By studying General Science, the student becomes orientated with the vast field of science, thus giving him a good, fundamental background. Having taken this basic course, the student finds the advanced courses of biology, physics, and chemistry, somewhat easier because of the basic foundation he has received.

Besides studying the principles of science, this first course concerns itself with the study of matter, which affects everyone's life. In this way, the student observes the world and all of God's creation about him, more closely.

Physiology

Study of the Human Body

The aim of every student who studies physiology is better health and living for all by the study of the functions of both the body and the mind. By studying the complexities of the human body, the student realizes the greatness of God and the necessity of good health habits.

Physiology classes consist in studying the human personality with its problems and in learning how to cope with them. Through this course, the student learns to improve his outlook on life. The study of physiology is made more interesting by observation and projects which the classes undertake.

Chemistry

Stresses the Atomic Theory

Sr. M. Florian

Chemistry

In the study of chemistry the students probe into the basic elements, the atomic theory of matter and the structure of the atoms along with their important compounds. As a result of science laying a greater stress on the importance of the study of chemistry, class enrollments have increased. Students who are interested in going into fields of medicine, manufacturing, science, agriculture, and defense need this basic course.

Besides the daily class period, the classes meet twice a week for two forty-five minute periods of instruction. In these double-period sessions, ample time is devoted to the practical theory of chemistry, along with lectures, and the application of the knowledge in the laboratory. The experiments prove what the students have recently learned.

Two chemistry courses are offered to the students. The first course, is primarily taken by girls who intend to enter nurses training. The second course offered, Chemical Bond Approach, is a more advanced course which goes into the subject deeper. Students receive a college credit for the course.

The effective of the law of motions is observed by D. Cialkoszewski, L. Ball, V. Wdowiak, D. Gruszczynski.

Physics

Teaches basic Laws of Science

Realizing the importance of man's race to conquer space, and the urgent need of more scientists, many students are drawn to the study of physics. This subject offers the necessary general principles needed to solve our current scientific problems.

Central's physics classes do not rely only on the theories learned in the textbook, but also apply their knowledge in laboratory experiments. After the completion of an experiment, each student keeps a detailed record of his work. Following this, the student composes a report of the experiment, allowing him to give proof of the steps observed in the experiment.

In addition to working on experiments, the physics classes are shown films to make clearer the basic laws of science which they are studying. Certain days of the week are devoted to lectures to supplement the material presented in the textbook.

Many physics students also enter their projects for the annual Science Day held at Bowling Green University as other students did in previous years.

An article on the Civil War interests J. McIntosh, T. Pointinger, G. Kwiatkowski, and R. Romstadt.

Government

Encourages Good Citizenship

Should the United Nations be abolished? Is the judicial branch of our government effective? Can citizens combat Communism? These are some of the problems taken into consideration in the Government classes. The students, in order "to form a more perfect union," study and debate many political issues.

This course encourages and incites good citizenship in every student, leading them toward good voting habits and thoughtful consideration on all political issues.

Library

From early morning 'til late at night there is one room in the school that is truly a busy place. This place is the library where the student body comes for aid in their daily assignments, research papers, and also for enjoyable leisure reading.

Central's library contains about 12,000 books, 15 sets of encyclopedias, and subscriptions to 124 magazines. The reference room offers students up-to-date information for the formal and informal essays, and for the math and science projects. For leisure reading and enjoyment, the biography and fiction sections offer shelves of valuable material. Everyday Sr. M. David, O.S.U., and Sr. M. Natalie, O.S.U., the librarians, are in the library before school, during class periods, during lunch hour, and after school.

The library affords the students with information pertinent to the future.

Guidance

Under the supervision of experienced counselors, the student is helped and guided in the decision of his vocation or avocation. He is aided in the choice of college and is helped to fill out the application for admission to the college of his choice. Catalogs and pamphlets on most of the universities and colleges in the United States, scholarships offered, and possible loan situations are made available to the study body through the Guidance Program.

Central's Guidance Program provides the following counselors for each of the four classes: Mrs. V. Pfeiffer, seniors; Sr. Jane Frances, juniors; Miss Shanteau, sophomores; Mr. D. Piloseno, sophomores; Sr. Mary of Mercy, freshman; Mr. R. Nichols, freshman. An interview can be arranged with any of the above counselors, before or after school, or during a free period.

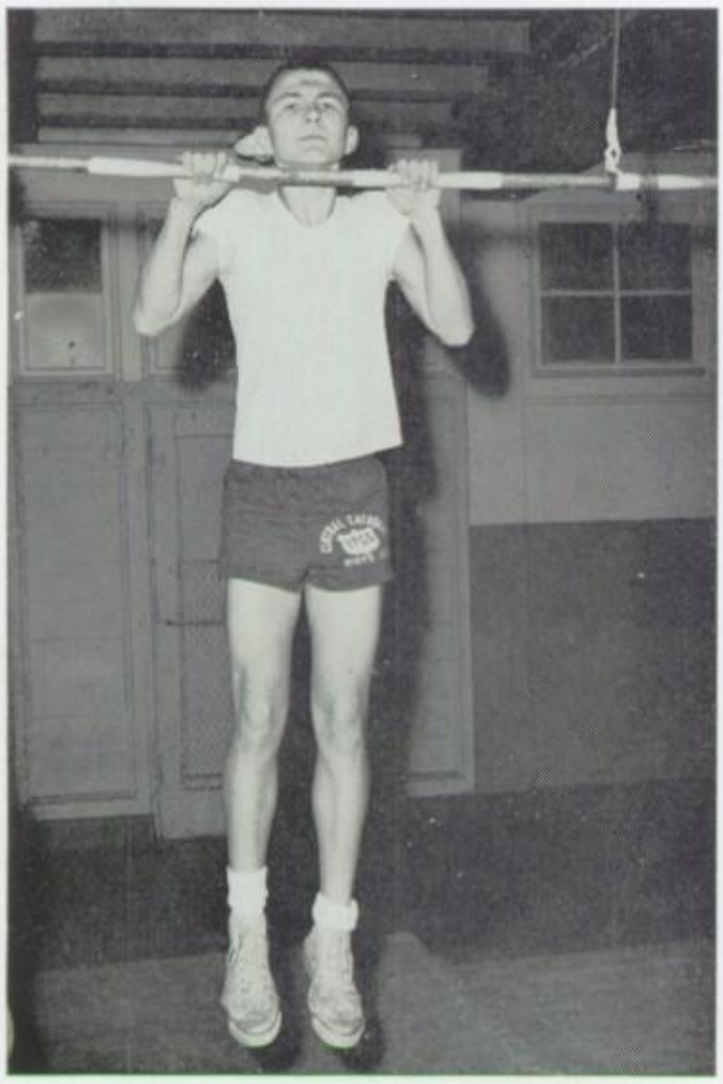
Boys' Gym



A. Sokolowski chins himself.

The boys' Physical Education Department under the direction of Mr. Basich and Mr. Cordiak have put an emphasis on physical fitness in accordance with President Kennedy's request.

Fitness tests have been administered and compared to standardized national norms. The primary objectives of this program were to improve general health, body mechanics, performance in skills, and body contour.

President Kennedy's program also calls for at least fifteen minutes of vigorous activity per day. The boys were given this and sometimes more as throughout the year they participated in calisthenics, touch football, basketball, tumbling, weight-training, volleyball, track and field, softball, gymnastics, fitness testing, and agility drilling.

Keeping physically fit is everyone's obligation and Central's girls do this twice weekly in gym class under the direction of Miss Joan Leonhart and Miss Betty McGrath.

In gym girls do exercises and calisthenics and play various relay games. They also participate in indoor sports which include: volleyball, kick ball, deck tennis and basketball. When the weather is warm the athletic gals play softball outdoors.

These classes in gym, required by state law, build physical fitness and develop team spirit and good sportsmanship. By group activities, girls learn cooperation and how to get along with others. The department has worked hard in obtaining their objectives which include the development of social and motor skills, recreational interests, healthful living, and physical fitness, as emphasized by President Kennedy.

Girls' Art

Under the direction of Sr. M. Joanne S.N.D., the Girls' Art Department offers a four year course the aim of which is to develop in the student appreciation for the beautiful and the power to produce beautiful things. The techniques of oil painting, crafts, color theory, calligraphy, water painting, mosiacs, lettering and clay modeling are taught and developed.

"Everyone should use head, heart, and hands to make well things that need to be made," is the theory that the girls' art classes are based on. All activities emphasizing womanhood and the arts of Christian family life are motivated by service to God, fellow creatures, and self.

A background for the girls' creative work is the study of art history. Modern art is made more interesting as each girl represents an artist and uses materials, such as, music and literature, to correlate with the life and ways of the artist.

Fourth year art students M. Beeley, P. Wiench, C. Petryk, M. Hart, and M. Stimac discuss their latest project—oil paintings.

Boys' Art

Teaches Principles of Artistic Field

The Boys' Art Department, under the direction of Sr. M. Lucilla R.S.M., offers a well rounded four year course to any boy who has the desire and interest to learn about art and to apply the principles learned to the artistic field.

In room 4, sketching, lettering, color and design are stressed in the freshman year, while water color, advanced design and crafts complete the work of the sophomore year. The junior and senior year boys place stress on the application of the above principles and each boy works more or less in the medium and technique of his liking. Students are also taught leatherwork, woodcarving, and ceramics. Interior decorating, crafts, oil, and water coloring prepare the student for the commercial field of art.

Posters made by the boys' art classes are on display throughout the year but especially during the Senior Play, Retreat, and the Operetta.

Individuality in expression is stressed as each senior boy must produce an original project by the end of the year.

Girls' and Boys' Choruses

Prepare Students for Future Music Careers

The freshmen and sophomore boys' choruses, composed of about fifty boys, is a new addition to Central's Music Department. Freshmen and sophomore girls' and boys' choruses work diligently every day to improve their singing with the hope of later becoming a member of the glee club. Both choruses sing at assemblies, including the Christmas program.

Under the able direction of Mr. Gerard Lonsway, the choruses perform for hospitals and at the various parishes as some of the outside functions done by the group.

The harmony and theory class, under the direction of Mr. Gerard Lonsway prepares the student for future music careers. Students are taught to write their own music and to analyze other music that has been written.

Rebecca Bruehlman, David Gould, Nancy Post, and Ronald Wells are the students who take this challenging course. These students also study the various works of great composers of the past and present time.

The girls' and boys' choruses await the director's baton.

School Nurse

Housed in Room 224 is Central's own miniature "hospital" under the supervision of Mrs. L. Wroe, the school nurse. Here, on an average, twenty "patients" per day are treated for various ailments ranging from a headache to "a real case of measles." Mrs. Wroe, ready and available to help all students, will frustrate the attempt of anyone who wishes to leave school unnecessarily. Often she works in cooperation with Sister Cleopha in keeping students in their classrooms and she is also glad to answer any questions one might have regarding the nursing profession.

"Where is your excuse?" or "Who signed this excuse, your mother?" are a couple of the questions that you might be asked in Room 108, the attendance office, if you had been absent. This office, under the direction of Sister Mary Cleopha, OSF, is a place of perpetual activity.

When a person reports after being absent and his excuse is accepted, he receives a white admittance slip. If he is late, he is given a pink slip, or if he were absent and his excuse is not accepted, or he hasn't a note, he receives a blue slip, which sends him to Room 222 for a penalty after school.

Home Economics

Backbone of Home Life

Under the direction of Sister Mary Kenneth, O.S.U., the art of homeliving and homemaking is available to all interested girls at Central.

The important aspects of homemaking taught are: Nutritional value of foods, their selections, preparation, and serving; acquaintance with fabrics and the fashioning of clothing; knowledge of interior decorating and home management; the importance of healthy family and social relationships; child development; and the Standard Red Cross course in Home Nursing, are the important aspects stressed in the course of homemaking.

This subject prepares young women for the position of future homemakers and mothers of our country. By learning the fundamentals of homemaking, these girls will be contributing to the decline of delinquency and broken homes, for a good family life is the solid foundation of society. These students will know how to pattern their lives and their homes after the best example of family life, the Holy Family itself.

Drafting

In order to help fill the need of engineers in the world today, Central offers two years of technical drawing to interested sophomore, junior and senior boys. Selection of students is made on the basis of grades in mathematics as well as the desire to become an engineer, an inventor, or a designer.

Under the direction of Sister Mary Imeldine, SND, the boys are taught all aspects of orthographic projection, as well as, pictorial drawing which includes isometric, oblique, and perspective drawing. Sheet-metal pattern layout includes parallel line, radial line, triangulated surfaces and intersections of geometric solids.

Such topics as freehand sketching, scaling, inking technique, sectional views, treads and fasteners, dimensioning, assembly drawing, tracing, machine details, cams and gears are included in the second year.

R. Fackelman, B. Wietrzykowski and L. McCarthy keep the office running smoothly.

Office Staff

Answering the phone, recording grades and payments on tuition, mailing letters and report cards at the end of the semester, are just a few of the many duties performed by Central's capable office staff.

The staff includes a registrar, office clerks, a switchboard operator, a secretary, and a business manager. These workers are an intricate part of our school and literally keep the Central machine well-oiled and running smoothly.

The office staff works hard keeping records of every student and balancing the books, but they are always ready, able, and very willing to help any student or answer any question he might have.

Cathleen Zaleski

Cathleen, who reached an average of 95.8 per cent for her four years at Central, ranked first in her class and received the honor of being its valedictorian.

Cathy has been an active member of the Aquinas History Club, the Biology Club, the JCWA, the Social Spiritual Council and the Student Council. She has belonged to the FTA for four years, an associate editor on the yearbook staff and a member of the varsity cheerleading squad.

Besides these activities Cathy has been on the Monogram Club for four years.

Salutatorian

Dennis Hodak

Dennis, who maintained an 'A' average and reached a 93.4 per cent average for his four years, became the salutatorian of his class.

Denny has been a member of the basketball team for two years, the Biology Club and the Monogram Club. He is a member of the Social Spiritual Council and the Math Club.

Denny has been an active member of the Student Council for three years. This year he had the distinction of being the president of this Council, the organization which becomes the "voice of the student body."

Seniors

Varsity Football

On August 19, with sun shining down on the field, 72 fully equipped players trotted onto the field. Each day as calisthenics started, enthusiasm and pep were displayed because of the desire each player possessed. Twice a day, for three long weeks, the boys lost perspiration and energy during their two-hour practice session. For the 16 seniors, who were to lead the way during the season, the days went by slowly. Many onlookers were quoted as saying the Irish would be lucky to win a game. But this did not down the practicing team. They worked hard each day to improve themselves, and this they did.

The Irish lost to their first three opponents by one, two and six points respectively. Still knowing that they could win the city title, they fought hard, scoring victories over DeVilbiss, Libbey, Scott, and finally over their archrival St. Francis with an impressive 16-6 score.

With hard work, the gridders captured second place and they

knew if they could down Woodward, they would take home a tie for the City Championship. In an impressive but bitter 6 point loss to the Polar Bears the Irish receded to third place.

Mr. McHugh was quoted as saying, "This team has displayed the finest desire that I have ever seen, to have come from 0-3 record, to play in the championship, in the last game of the season, although losing, requires excellent ball playing."

Mr. McHugh and his coaching staff have accomplished a great record while here at Central. Coach McHugh, a Central graduate, was an all-state fullback his senior year, who also starred in basketball and track. Mr. Cordiak, Mr. Basich, and Mr. Lewis were also outstanding athletes in high school, and are also considered great coaches.

Father Aquinas taking over the job of chaplain of the '61 squad was a lot of help in keeping the boys in the right frame of mind to play ball.

With great talent and fine depth, Coach Bob Nichols led his victorious Irish to a season which will be hard to match in the future. With a record of twenty-two wins and only two defeats Central ranked number five in the state of Ohio. Though this was an outstanding record it took great sacrifice and determination on the part of these thirteen athletes to acquire it. The team went through the City League undefeated and copped the City Championship. In the sectional tournament with deliberate defensive play, they outscored their opponents 155-76 to win another championship. In the district tournament the Irish found a rugged road but managed to win the championship.

This basketball season has been a great one and its players have brought state wide recognition to Central and basketball.

Outstanding Athletes Display Hard-Earned Trophies

James Nicholson, Central's most valuable wrestler, who merited high in the district wrestling championships, is shown with John Mullen, a junior quarterback, and voted the most valuable player in football. Ted Zak and Mike Ben, most improved player, and most valuable players respectively in basketball, played on the championship team and were a factor in the team's winning the City title. Dennis Bolbach was voted most improved football player on the team, by the coaches.

Mr. Tim Dever, Central's athletic director, who took over two years ago, has done an excellent job piloting the athletic department to its current position of greatness. He has also helped greatly in other activities.

Grapplers

Win City League Championship

Under the guidance of Coach D. Piloseno, the Irish grapplers clinched their third city league championship in the last four years. The team showed a perfect 6-0 record in the city league competition, boasted of an outstanding 27 match winning streak, and captured second place in the district tournament. This is a tribute to the hard work and outstanding ability of the coach and the team. Many nights the boys were in practice sessions, preparing for an upcoming match, until after 6:00 p.m.

Representing Central at the state tourney this year in Columbus on March 2 were Richard Wagner, who placed second, Dave Reinbolt, who placed fourth, Jim Nicholson, and Dan Piloseno.

The annual wrestling banquet was held at the Catholic Club. The guest speaker was the wrestling coach of Defiance College, Mr. Smith, who explained the desire which one must display in order to be a good wrestler. Jim Nicholson, captain of the team, received the most valuable player award at the affair.

Central's Nine Strive For Pennant

As defending city league champs, it was felt in preseason that the Irish batmen could repeat and even improve on its 15-6 overall record of last season. Coach J. Cordiak said "I have high hopes," but added "a couple of boys have to come through at key positions."

The 1962 Fighting Irish baseball squad in early season was hoping for a break in the weather again this year. Rain and muddy fields piled up schedules and made for unpleasant practice sessions. But the baseball weather finally came.

The batter is tense as he waits for the pitch. The pitcher digs in and swiftly throws the ball. "Strike three!" shouts the ump as the batter takes a terrific swing at the ball and misses. Central's nine chalk up another victory to their record and their hopes are high for a successful baseball season.

As the Centripetal goes to press the batmen have a 8-3 overall record and are 5-1 in the league which puts them on top in the City-league.

Six senior diamondmen, D. Zaborowski, R. Staley, T. Snyder, J. Linehan, J. Wlodarz and B. Mullen, will lay aside the balls and bats at the close of this season.

Girls Athletic League

Established at Central in 1930 the Girls Athletic League aims to promote and develop leadership, sportsmanship and athletic ability in its members. Through the gym program the state requirements are fulfilled but this is hardly enough. The G.A.L. program, which includes bowling, tennis, swimming, ice skating and roller skating, supplements the regular physical education program.

Letters and other awards were presented at the annual banquet which was held on May 16.

Twelve girls received awards for perfect attendance for 1961-62 and M. J. O'Neil maintained a perfect attendance for all four years.

Through the G.A.L. point system, 70 girls have earned their letters, 37 girls their three golden bars, 3 girls were in the 700 Club and in the 100 Club. Five also received trophies for the 1100 Club.

Trophies were given to A. Kwiatkowski and B. Reilly for their 205 and 210 games, respectively. The Fun-Nite winners were: Head Pin, E. Komenda and J. Glinka; Low Score, C. Kuster and S. Kubiak; Moonlight, B. Reilly and S. Malinowski. The high average teams were "JACKS" and "LANE LAPERS." The high average bowlers were J. Cuttaria, S. Malinowski, C. Barut, P. Rich, A. Kwiatkowski, and J. Bonk. The highest total points turned in was by P. Mansor.

Governing and Representing the students is the duty of Student Council

The governing body of the school is the Student Council, which is responsible for the major activities which occur during the school year. Among the drives in which the Student Council participates are Color Day, Santa's Mailbox, the Easter Lily Drive, and the Polio Drive.

Commissioners, class officers, and senators of the freshmen, sophomore, junior, and senior classes, the four student council officers, and representatives from each conference are the members of this worth-while organization. At the monthly meetings everyone has a chance to express his opinions which are then discussed and voted upon by all present.

The main object of this governing body is to unite the student body and the faculty in any social and spiritual problems which may arise or any activities which are to be promoted. The Student Council is an indispensable organization that should be part of every student's life at Central because it is established in their behalf.

Central's Student Council is affiliated with the National Association of Student Councils and is also a member of the Toledo Area Student Council.

Gathering, Screening, and Proof Reading the Jobs of Centric Staff

Beat, ems, and cuts are words included in the second and third period journalism vocabulary. With the advice of Sr. M. Grace O.S.U., the Co-Editors and the staff work together to put out Central's bi-weekly paper.

Alternately the second and third periods has the responsibility of gathering, screening and proof reading the news, the life of the paper. The Centric consists of four news filled pages. The first page editors write the main news stories such as results of elections or operetta leads. Second page consists of student articles and poems, letters to the editors, and an editorial written by a faculty member. A bi-weekly feature, enjoyed by all, is Squeak, Central's roving "mouse" reporter. Class news, congratulations to alumni just married or with new arrivals, and club news are part of the third page. Win or lose Central's sports stories will appear on the fourth page. The "Irish" sports activities are well covered by the sports editors. It is through the Centric that news is distributed and a spirit of unity created within the halls of Central.

News columns added by this year's class include Cee Your Organization, (a column listing the various activities of the parish CYO), Cafeteria Menu, (a preview of the lunches for the coming week), and Alumni, (interviews with past alumni). These new additions give the student body the opportunity to see the activities and starting points of the many alumni who are in the public eye.

Preserving the Year's Events Ambition of Yearbook Staff

"Red and white; no, blue and gray; no, black and gold," were the various cries that could be heard from the sixth period class as they assumed their positions on the Centripetal staffs. After successful ad and patron drives had been conducted the real work began. During the weeks that followed color, dedication, cost, theme, art work and set-ups were the topics of serious discussion.

Separate, but united the sports, seniors, underclass, associate and organization editors worked with the assistance of the co-editors to compile information and statistics for Central's yearbook. Anxiously the staffs awaited the first proof of the work they accomplished. When the last proof had been checked and the book "put to bed" staff tension mounted as the day of delivery came nearer and nearer.

Each student had certain duties to perform and it was his own obligation to fulfill his duties. A date was set, a date on which the entire yearbook was to be completed. On this date, all material had to be typed and ready to be sent to the printer. Then, came the day when the yearbook was returned, bound and engraved, ready to be handed out. It was a long, tedious job but the finished product was worth all the work.

HARVEY

Senior Play

"Oh, there you are Harvey!" were the frequently uttered words of Elwood P. Dowd (Paul Simon) as he conversed with his imaginary friend "Harvey", a six foot rabbit, during the senior class production of the three act comedy "Harvey," by Mary Chase.

The superb acting may be attributed to the excellent direction of Mrs. R. Weiher. Under the chairmanship of June Voigt and Robert Stucker, the production staff also deserves much credit for the three fine performances on November 17, 18, and 19 in Central's auditorium.

Elwood's sister, Veta Simmons, (Theresa Coci) and her daughter, Myrtle Mae, (Judith Rozonowski) find that Elwood's eccentricity can produce many embarrassing situations. After Elwood introduced "Harvey" to Mrs. Ethel Chauvenet (Kathleen Modrowski) at the Wednesday Afternoon Forum, Veta decides that she can no longer put up with his peculiar antics. She solves the problem by admitting him to a sanatorium.

This may solve Veta's problem, but there is much confusion and chaos in the sanatorium because of Elwood and "Harvey". This may be readily seen by the reactions of Doctor Sanderson (Joseph Szabo), Ruth Kelly R.N. (Gloria Holewinski), Doctor William Chumley (Martin Sequin), and the attendant Duane Wilson (Raymond Fisher).

Elwood's antics also have hilarious results when he meets Betty Chumley (Kathleen Borgess), Judge Shaffney (James Kruser), Cabbie Lofgren (James Reynolds), and Miss Johnson (Bettyanne Hurley).

Elwood consents to being "cured." When Cabbie Lofgren tells Veta and Myrtle Mae how the cure will affect Elwood's sweet disposition, they decide it would be better to keep him the way he is . . . Harvey and all!

1. "And this is Harvey, Auntie"
2. "Harvey is Elwood's dearest friend"
3. "Oh, Veta, I'm sorry"
4. "As I was telling my husband"
5. "Oh, come on lady, please."
6. "And his name . . . Harvey"
7. "Now you watch out Doctor."

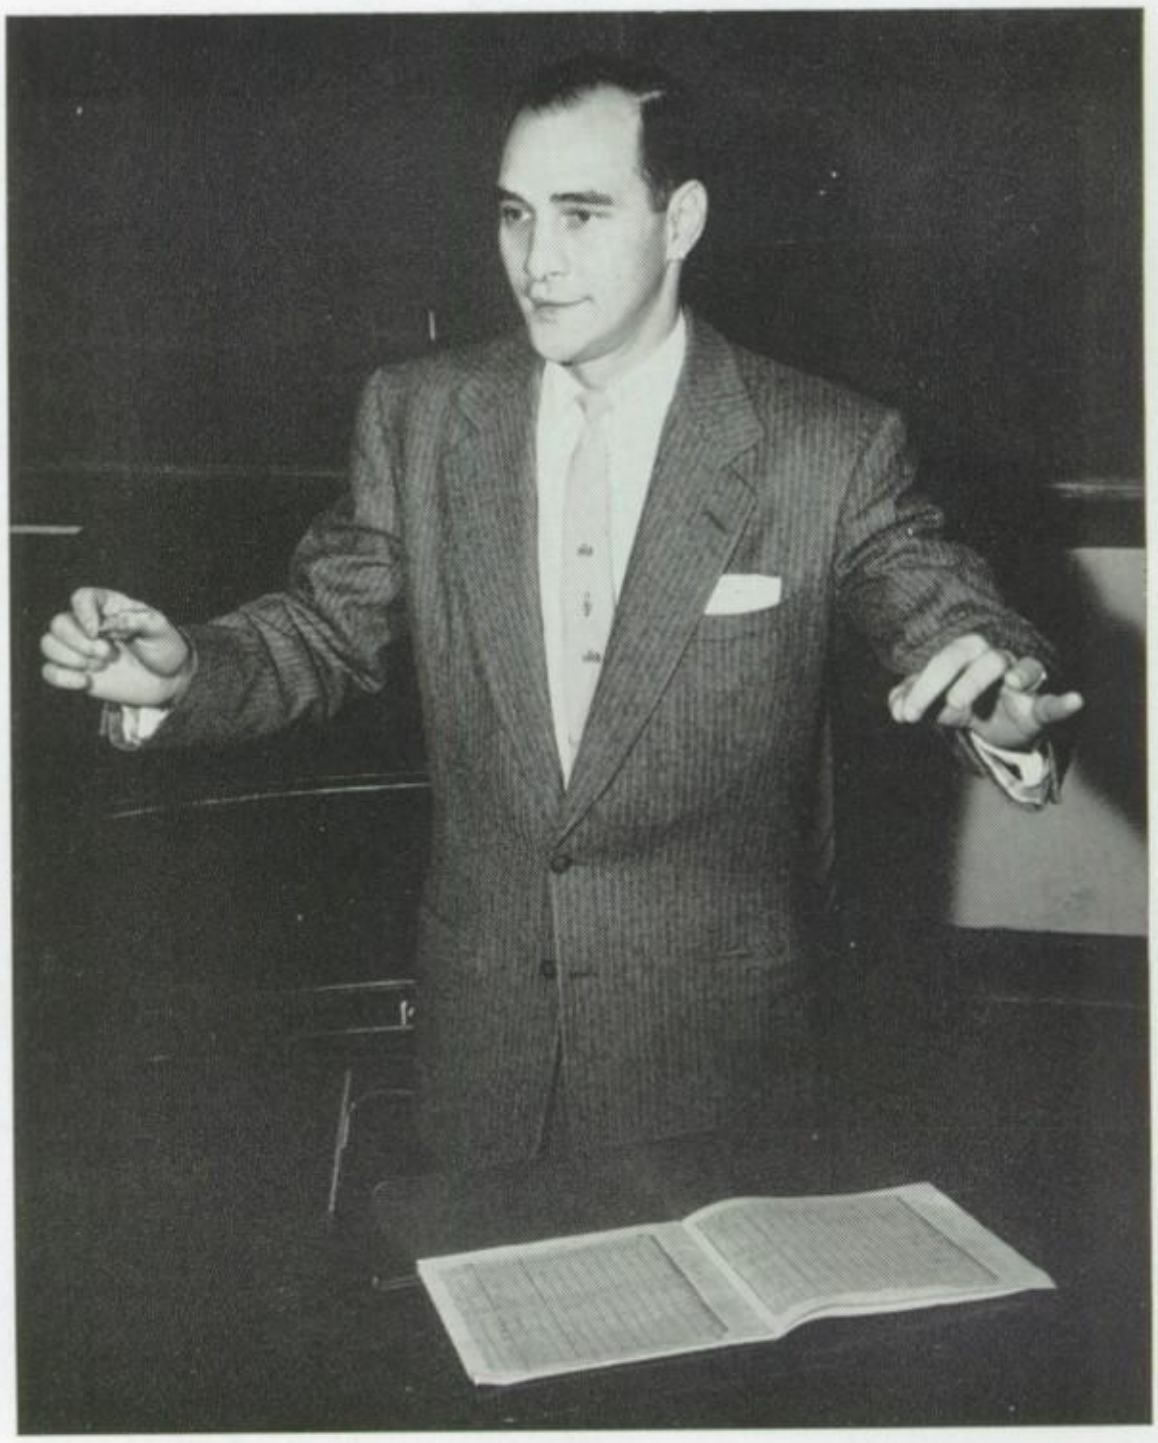
Presenting the Music Department

Music for a band, orchestra, or Glee club can not be played any old way. A Music Department must have an able director. Here at Central we believe we have one of the finest directors in Mr. Gerald DePrisco. Under his direction, with the assistance of Mr. Gerard Lonsway, Central has developed an active and well known Music Department.

Central, known as the "Fighting Irish," could very well be called the "Musical Irish." Mentioning the various ramifications of Central would not do justice to the important and difficult performances they give. With the first blow on the Drum Major's whistle the band officially starts the season. Throughout the year the band participated in various school assemblies, the Football Banquet, St. Patrick's Day Parade, and halftime shows at the football games.



Mr. Gerald V. DePrisco, music director

Pianists: S. Wichowski, B. Basso

Neither the drums nor the horns drown out the voices of the members of the Glee Club as they prepare their assignments. The many public and private performances of this Club speaks for the talent it possesses.

The orchestra adds the cultural touch to Central's Music Department. The main achievements of this section include entertainment at the Senior Play, accompaniment for the Operetta and enjoyment at assemblies.

Joint contribution by each division of the Music Department plays an important function in keeping Central Spiritually, Mentally, and Physically alive.

King commands Anna to lower her head.

Central's Operetta 'The King and I'

Anna Leonowens, (Nancy Post), an English governesss, arrives with her small son, Louis, ((Thomas Thomas), to teach the children of the King of Siam, (Duane Madryzkowski). In order to relieve their nervous tension on arrival, Anna and Louis sing, "I Whistle a Happy Tune." The King is brusque with Anna and far from sympathetic with her when she shows her feelings for Tuptim, (Marlene Lecklak or Mary Venia), one of his wives. Tuptim, in love with Lun Tha, (Lurley Archambeau or William Knotts), is beautiful and charming. Anna, in the song "Hello, Young Lovers" tells Tuptim of her own marriage. Tuptim and Lun Tha, express their secret love in "We Kiss in a Shadow."

Anna begins her duties and sings "Getting to Know You" to the children.

The King is pleased and happy but he is baffled by the outside world which Anna brings with her.

Lady Thiang, (Elain Matuszek), the head wife, portrays her feelings when she sings "Something Wonderful," which tells Anna that there is more to the King that he lets be known.

Sir Edward Ramsay, (Robert Stucker), representative of Queen Victoria, comes to visit the court and causes many upsets in the household. In the midst of the excitement, Tuptim and Lun Tha decide to run away on the night of the festivities for the visitor.

Anna teaches the King to dance so that he will impress the visitor and the joyfulness is displayed ni "Shall We Dance." The festivities are a success, due mainly to the wonderful work of Anna.

The young lovers are captured in their escape. Anna decides to return to England, but the King's health becomes weakened and she decides to stay with the King until he dies and promises to instruct the Court.

Teaching the Arts

In accepting an office in the Future Teachers of America, a candle is held in one's hand and a pledge of loyal cooperative leadership is made.

Under the direction of Sr. M. Clarisena, R.S.M., the theme of secondary education was carried out. Helping to enlighten the members on the problems and rewards of high school teaching were various guest speakers, including Sr. M. Kenneth, O.S.U., and Mr. P. Johnson, both of Central.

Helping correct test are B. Kolibar, C. Kmiec, S. Jaworski.

E. Puszczewicz, K. Becker, P. Herebic, L. Borer display club pin.

Nursing the Sick

Monthly meetings with the assistance of Sister Mary of Mercy, R.S.M., helps the members of FNA to further their knowledge of the fields of nursing that are offered as careers. Club members heard talks by student and practical nurses, explaining their school's plan for a nursing career.

The members visited Sun Shine Children's Home, as a part of the year's program, and also initiated pins for the first time.

Aiding the Needy

Under the supervision of Sr. M. Ambrose, R.S.M., the Future Social Workers were started in the '60-'61 school year, the FSW is limited to Juniors and Seniors. During the year, various field trips have been taken, including the Catholic Charities and St. Charles Hospital.

Highlight of the year was the honor of having its members participating in a panel discussion at the National Council of Social Workers held at the Commodore Perry Hotel last September.

News about social worker caught eyes of L. Komorowski, M. Florkowski, J. Yeager, K. Liedel.

Leading the Youth

Meeting once a week the Young Christian Students aim to develop better leaders for the Lay Apostolate. Technique used in the meeting consist of observe, judge, and act. The members observe a problem, judge it on the light of Christian principles, and form an action.

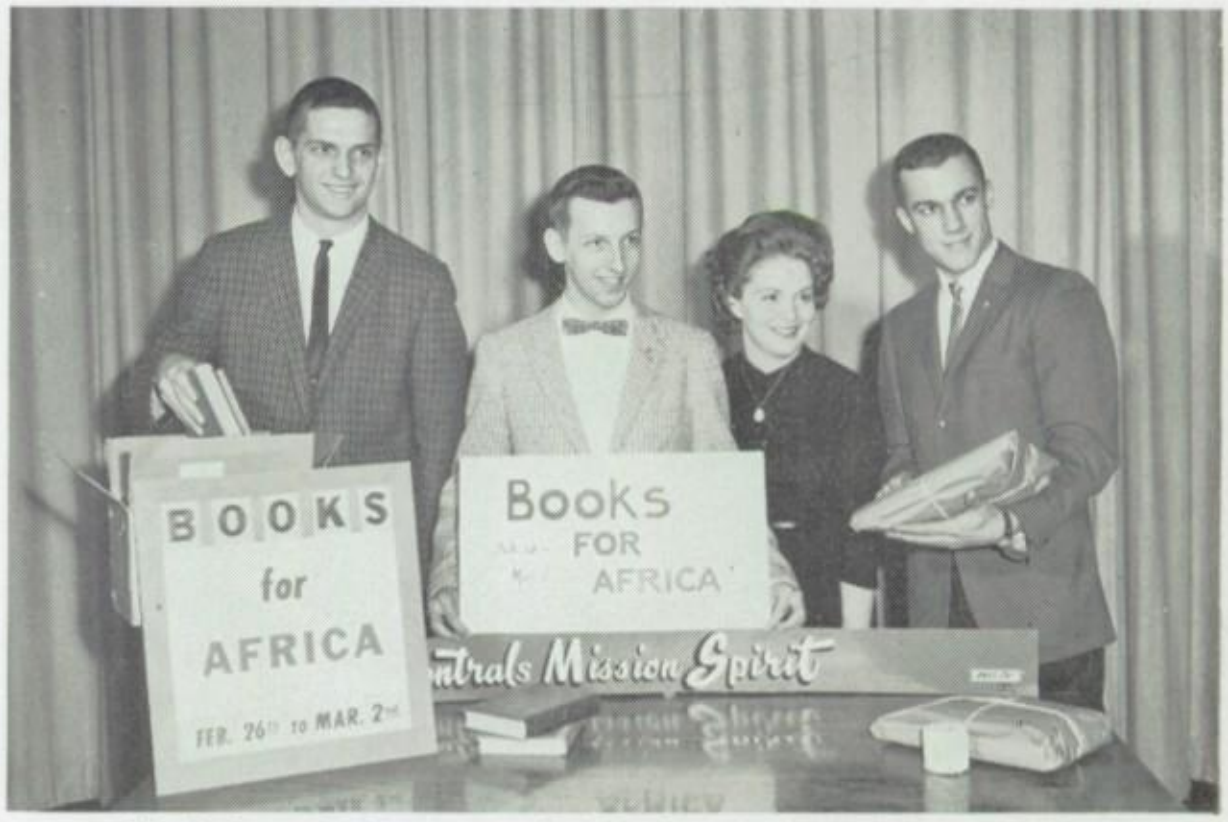
Publicity for a Federation Study Day, Retreat pamphlets and candy sale were among the extra activities of Central's YCS.

Helping the Missions

Raising money for the missions by the annual sale of Christmas cards and wrappings is the main function of the Apostolic Committee, which is under the supervision of Sr. M. Charlotte, S.N.D.

They also sponsor the Bishop's Relief Fund and collect Catholic literature for the mission field.

By attending the monthly meetings, all members of the club strive to promote the various mission activities throughout the school.



M. Holmes, E. Rantanen, B. Hurley, C. Steiner wrap books for African mission.

J. Szabo, F. Testa, L. Komorowski, J. Gorajewski display Guard of Honor certificate.

Promoting Mary's Devotion

Concluding a year of promoting devotion to the Blessed Virgin, the Eucharistic Marian Committee sponsors the May convocation, which is attended by the whole student body of Central.

All year the club works to encourage attendance at Mass and reception of Holy Communion, along with an ever present devotion to Mary.

Training the Minds

Math-minded juniors and seniors have an opportunity to discuss and solve various problems which are not included in the class schedule by joining the Math Club. Directed by Sr. M. Teresita, O.S.F., the members participate in competitive tests and different activities. Club members have shown an increased interest in higher mathematics.

Discussing a math theorm are J. Szabo, J. Anderson, J. Jaros.

Tracing countries seen by Col. Glenn are J. Michalak, P. Driscoll, E. Babarcsik.

Recording the Past

Under the guidance of Sr. Mary of Mercy, R.S.M., the History Club, now in its eleventh year of existence, aims to impart to the student knowledge of historical events. By joining this club, the student will advance in his understanding of the functions of the local government as well as the federal government and he will be made more cognizant of his duties as a citizen.

D. McPhail, E. Lebowsky, B. Radbone, P. Szalkowski and C. Kmiec answer current event questions.

Discussing the News

The Junior Council on World Affairs meets bi-weekly to discuss world events.

This year the council organized a Quiz Bowl in which the JCWA of various high schools in and around Toledo compete to raise money for the Good Ship Hope.

The JCWA also sponsors the annual trip for the senior members to Washington, D.C. and New York. The moderator of the group is Sr. Mary of Mercy, R.S.M.

Examining theory of rose heredity are S. Bond, J. Mizerny, L. Mack, M. Helmier.

Discovering the Gene

Promotion of a deeper understanding and appreciation of science is the main objective of the Biology Club. The members of the club have the opportunity of acquiring additional knowledge of the complexities of plant, animal, and human life that they otherwise could not discuss in class.

Many Biology-minded students participate in the Toledo Science Day activtity at Toledo University and then proceed to Bowling Green with their projects.

Investigating the Minerals

Under the guidance of Sr. M. Florian, O.S.F., the Chemistry Club members meet every month. The main purpose of the club is to promote the chemistry student's interest in the different fields of Chemistry. This end is accomplished by the students working on extra experiments, listening to guest speakers, and taking field trips.

This year the members visited the Libbey-Owens-Ford Glass Company and heard a talk given by Doctor L. Thompson, Professor of Chemistry at Toledo University.

J. Bodnar, middle, explains atom construction to C. Kmiec, R. Staley.

Tracking the Sounds

Now in its tenth year of broadcasting, Radio Station W8QVJ of Central High School has again shown its ability to work with radios. Under the direction of Sr. M. Imeldine, S.N.D., the group learns the theories of radio broadcasts, and the codes that are used.

The "hams" of Central also make contacts through the radio station with other fellow-hams of neighboring high schools.

D. Brack, E. Rantanen, B. Kerscher, R. Honier are seen contacting the other "ham".

Creating the Posters

Looking at CAA project are G. Lopinski, J. Szabo, M. Lebowsky, P. Olmstead, M. Hart, B. Higgins, C. Petryk.

The Catholic Apostolic at Central is composed of the members of the boys' and girls' art departments whose chief aim is the restoration of art to Christ. Both Sr. M. Lucilla, R.S.M. and Sr. M. Joanne, S.N.D., by aiding each student mentally, physically and spiritually, have helped their classes raise the standards of art.

Each section takes a turn monthly in changing the CAA bulletin board in the main corridor.

Painting the Murals

These girls of the AAG hold their meetings, under the patronage of Saint Joseph, on Tuesdays and their workshops on Thursdays. Sr. M. Joanne, S.N.D. helps to instill in the girls an incentive to be true Christian Artists. An important undertaking of the club this year and in past years, was the designing and the screening of the Faculty Christmas Cards.

Working on scrapbook are C. Petryk, L. Fox, C. Fisher, L. Domanowski.

Camera Club

Photographing the Events

Learning and using the various equipment in photography are a few of the aims of the Camera Club, under the supervision of Sr. M. Lucilla, R.S.M. The machine shown in the picture is an enlarger used to make enlargements from print negatives.

Other activities of the club include annual field trips to interesting and photographic areas and competition in photographic contests.

Neptune Divers

Swimming the Seas

D. March, D. Skrzyniecki, C. Flanagan, check tank and diving equipment.

Now in its second successful year is the Neptune Divers. Under the direction of Sr. M. Gerard, C.S.S.F., the club has adopted their full name, The Neptune Skin and Scuba Diving Club, and drafted their Constitution.

The group, consisting of about ten members, swims bi-weekly at the Catholic Club and learns good diving and swimming habits together with first aid and lifesaving.

Preparing the Altar

The function of the St. Hilda Guild is the care of the Chapel for Mass, retreat, devotions, stations and all other chapel happenings. For Christmas the Guild presented Monsignor with a Medal for the tabernacle chain. It was designed and executed in cooper enameling by Marilyn Mizen, a third year art student as part of an Art competition. Membership in the Guild is open to all girls in the art classes, who are divided into three groups, each performing a different function.

C. Steiner, R. Morgenstern, D. Hodak, J. Szabo, R. Rough prepare for May Convocation.

Serving the Priest

Under the guidance of Sr. M. Louis, S.N.D., the members of St. John Berchman Society serve God in a special way. Assisting the priest daily at Mass and First Friday are duties of its members. Other duties arise at Retreat, Senior Day of Recollection, and the May Convocation.

Guiding the Reader

Stack those books, please. Check out these magazines! Central's library behind the scenes is a busy place. The girls who work in the library each day in place of their study periods deserve much praise for the work they do. During the time of Junior Essays, these girls are kept busy helping the juniors in their research work. They also strive to promote good reading habits to the rest of the school.

N. Sutter, C. Wernet, S. Claus put finishing touches on book display.

T. Coci explains the picture to J. Voight, K. Sandys, K. Timiney.

Describing the Matador

Activities of the Spanish Club are frequently incorporated in the regular Spanish classes in order to encourage active participation by all interested Spanish students. The principal activity of the club is the publication of "la Charla Espanola," a Spanish newspaper, edited by the third and fourth year classes. The paper provides enjoyment as well as experience in Spanish composition.

Officers A. Valencic, B. Brahier, J. Gruszcznski, bring club meetings to order.

Starting the Meeting

"Les Amis de France," Central's French Club, meets the second Wednesday of every month. The club under the direction of Sr. M. Caroleen, S.N.D., encourages the student to learn more about France and its inhabitants. This is achieved through movies, records, and talks. The main project this year is to visit France through "pen-pal" correspondence.

Explaining the Courtyard

The members of Central's Latin Club, under the direction of Sr. M. Alice, O.S.F., wholeheartedly prepared individual member's projects to be submitted in the area Latin Club contest held at Toledo University. The Freshman uniting with the Sophomores and the Juniors with the Seniors, combined their efforts to achieve worth-while projects on the theme, "Toledo Compared to Roman Culture." Central's Latin Club was also invited to participate in many area meetings held at DeVilbiss and Rogers high schools.

Introducing
the Two Queens of Central

In the midst of a hushed silence, Angela Halker, escorted by Michael Murray, was crowned Central's 1962 Homecoming Queen by last year's Queen Miss Judith Weidner, during the halftime festivities of the Central-Waite game.

Angie's four attendants were Kathleen Gall, Susan Gramza, Judith Mercurio, and Patricia Wiench with their escorts Paul Jacobs, Jack Kujawa, Duane Madrzykowski, and Ted Zak, respectively.

Patricia Wiench was chosen by the senior class to be Central's candidate for queen of the Area Student Council Dance, "Crystal Carrousel", on February 3, at the Naval Armory.

The other names that appeared on the ballot before the senior class voted were Susan Gramza, Sharon Jaworski, Angela Halker, Sharon Veigel, and Linda Vollmayer.

Terri Coci signs dance number seven for Dave Fadell while Rick Hayward serves Emma Babarscik.

Dancing The Night Away, To The Theme of 'Rhapsody In Blue'

To the theme of "Rhapsody in Blue," and to the music of Jack Runyan and his orchestra, the juniors and seniors danced the night away at the Naval Armory on May 25.

The work of chairman, Rick Hayward, and his co-workers, who kept the details of the Prom a deep, deep secret until the "Big Night," was well rewarded by the enthusiasm and delight expressed by the dancers.

Honoring Mary,
Our Queen of Queens

J. Szabo, L. Komorowski, place the crown of flowers on the statue of Mary.

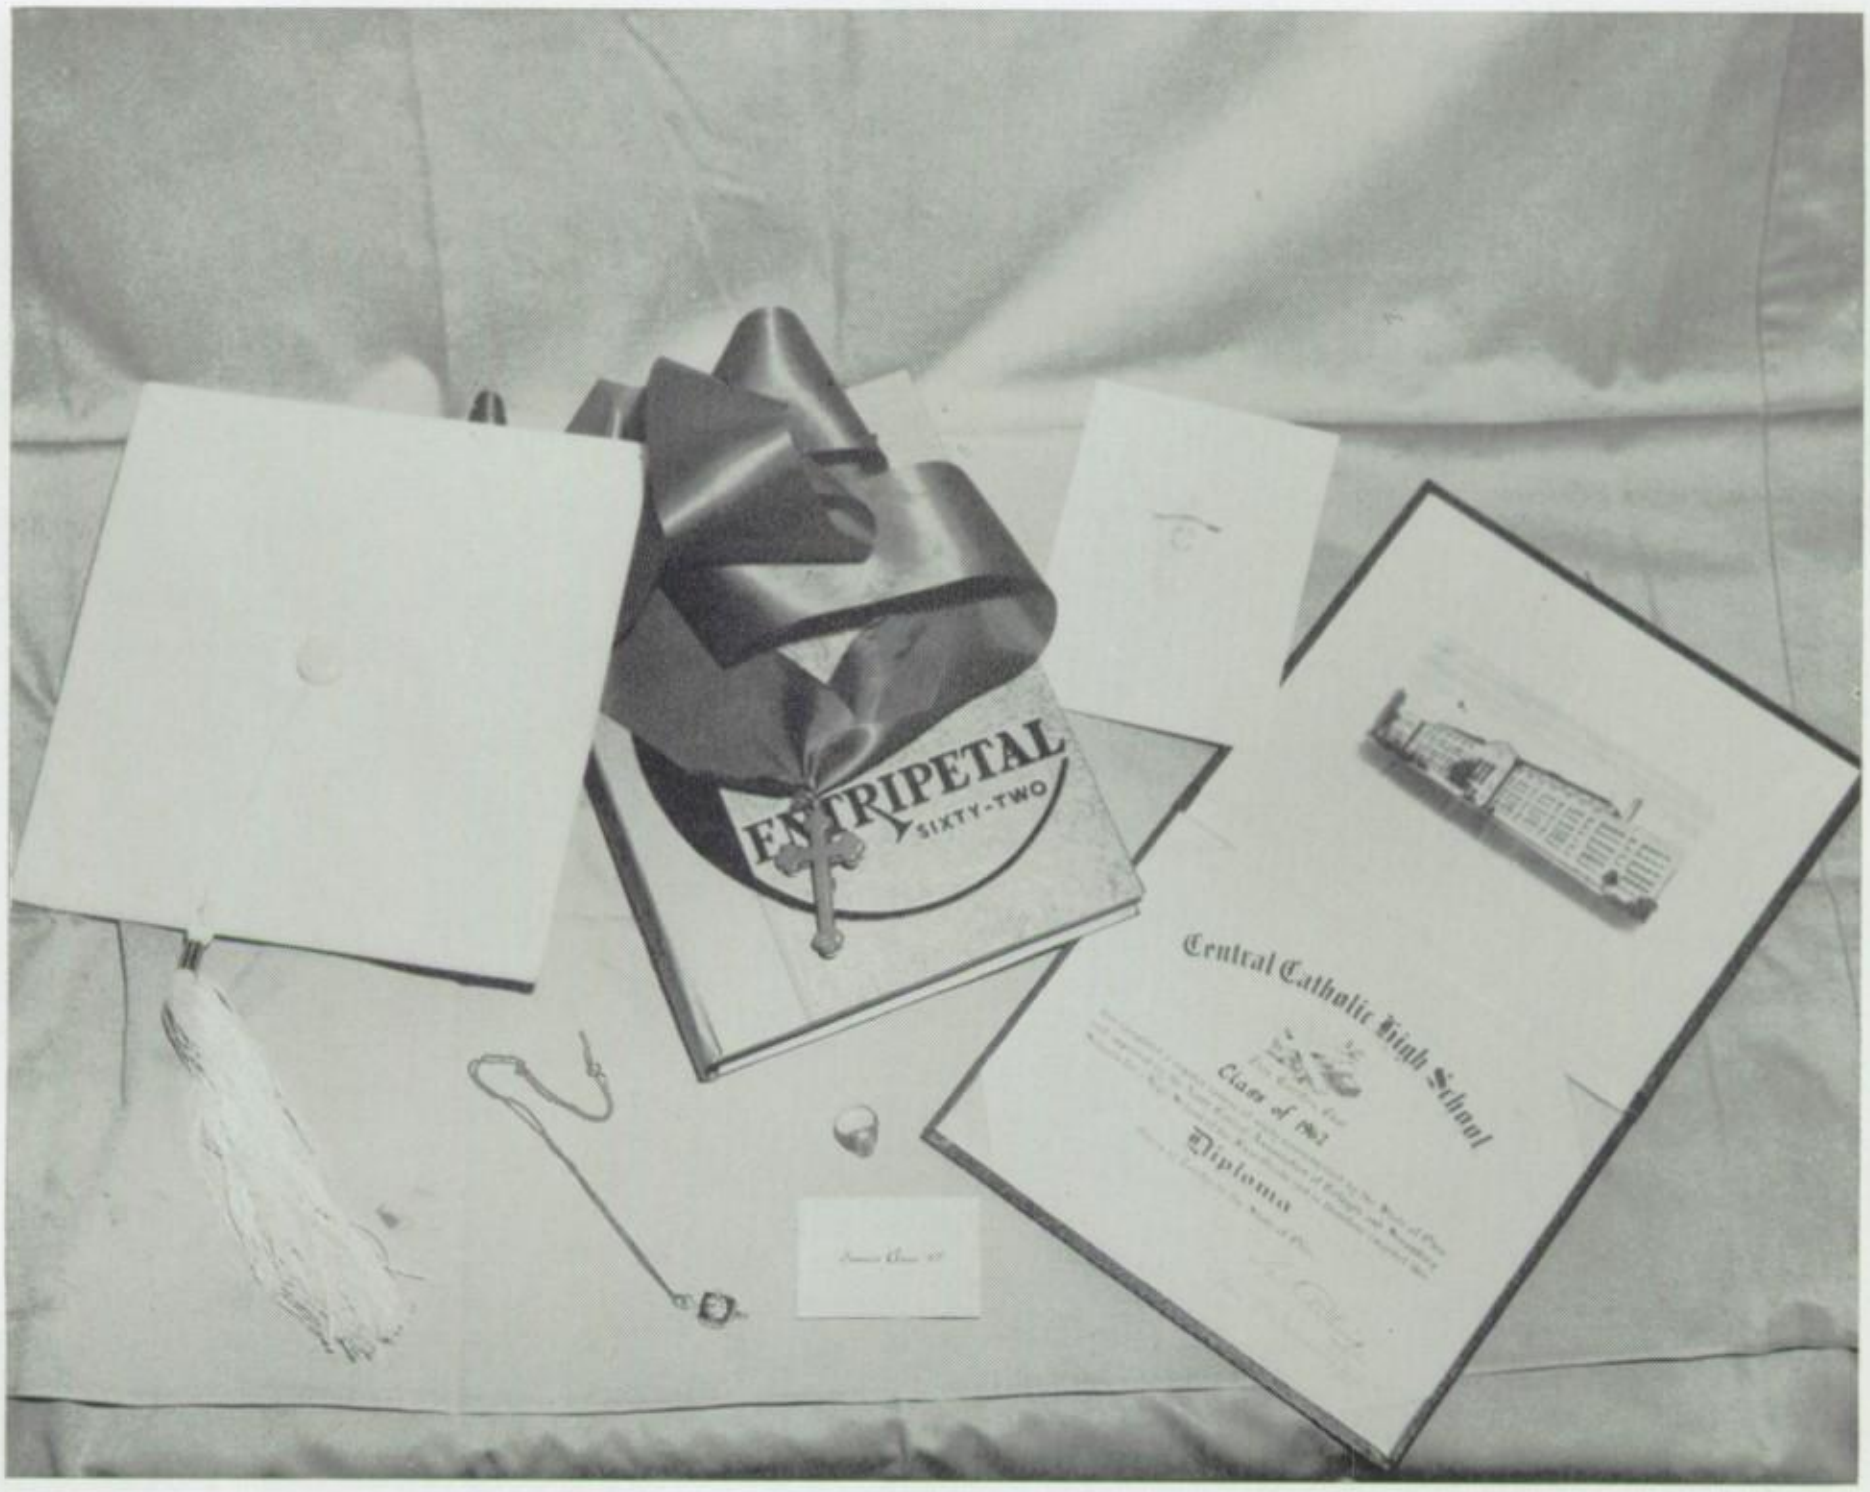
A deep devotion for Mary is shown by the students of Central each year during the May Convocation. At this ceremony the students publicly express this devotion when two of their members, as representatives, crown Mary their queen. The coronation, which begins with a procession of the student body from the school building to the front campus, includes the recitation of the rosary, hymns in honor of Mary, and a sermon. The St. John Berchmans Society and the Eucharistic-Marian Committee form the Queen's Court, the living rosary.

Dressed in white Laura Komorowski assisted by Joe Szabo, placed the crown of flowers on the statue of Mary. The honor of co-crowners was given to Laura and Joe because of their work during their four years in the Eucharistic Marian Club.

Devotion to Mary is of great importance to Central students. As stated in the Alma Mater "Mary guides our doors with mantle blue," it is just and fitting that this devotion should be climaxed during May our Lady's month.

Nearing

One's Future Goal Upon Graduation



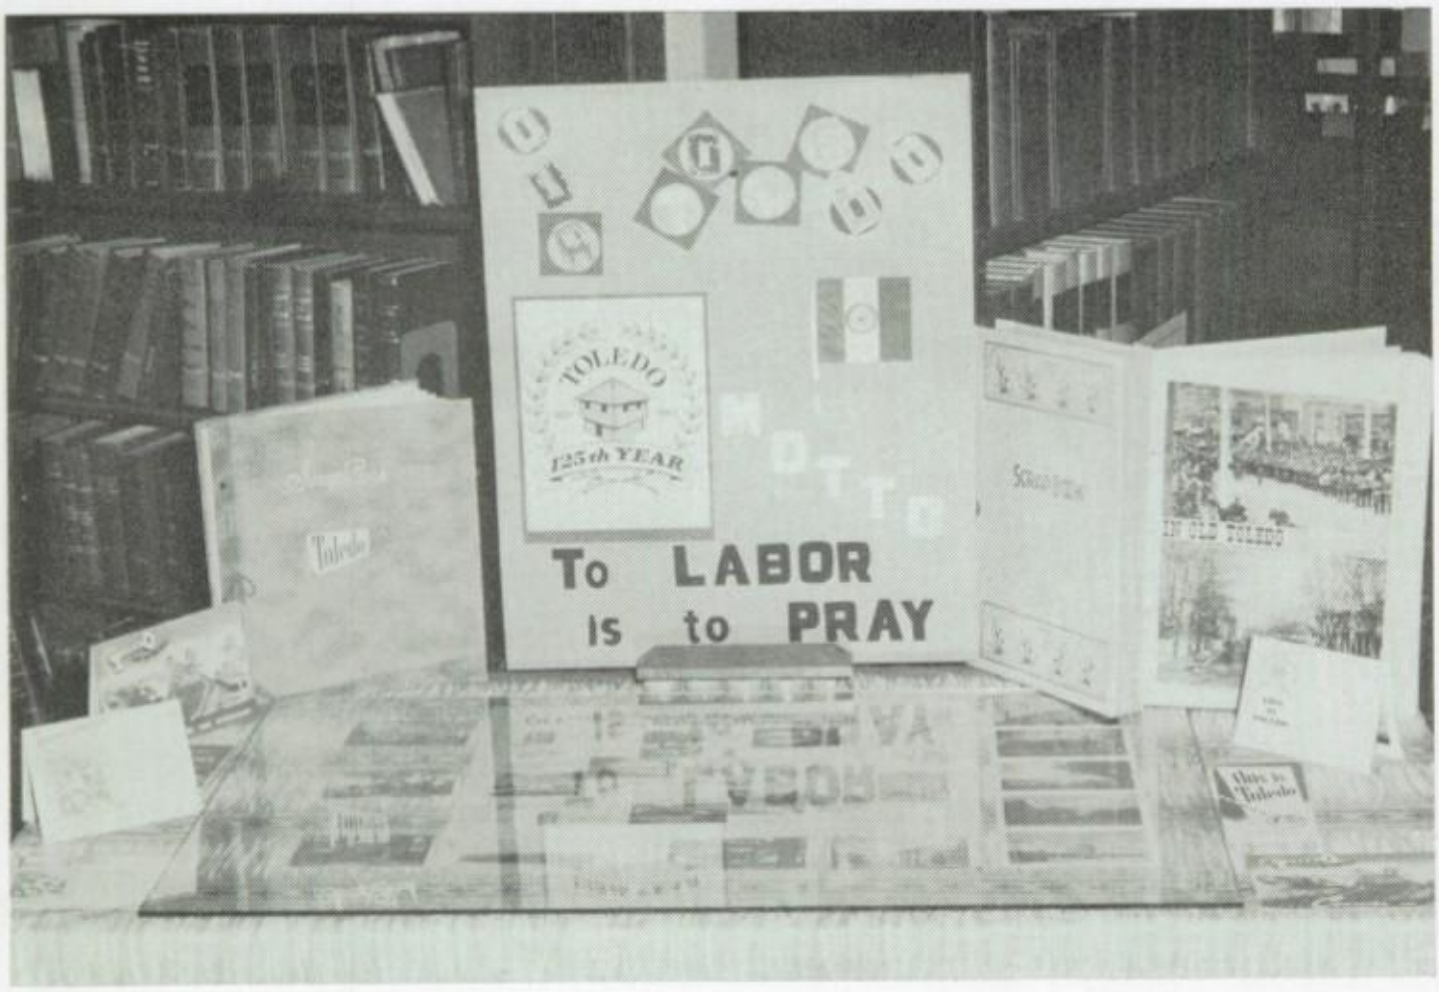
As each Senior departs from Central's portals he will take with him certain traits or characteristics that will always be foremost in his reminiscence.

Among his fondest memories are: his diploma, which is significant of his completion of high school; his name cards, which let him know and be known to his friends; his senior key, significant of a senior, and, his graduation invitations, which complete and compliment his year. Each and every senior also remembers the yearbook of his senior year, this year, the '62 Centripetal.

Many mixed sentiments are felt on graduation evening but in the hearts of all seniors it can be summed up in words of Central's Alma Mater.

"We love you, Alma Mater; We always will be true,
With Mary ever guarding, Your doors with mantle blue.
We're thankful for your light so bright, That helps us on our way.
Your spirit leads us onward, With banners red and gray.
We'll cherish you forever, And love you Central High.
All praise to you, our Mother, We love you, Central High.

To all who have passed through Central's portals these words will always be foremost in their memories.



City of Tradition

Toledo, incorporated as a city in 1837 four years after the villages of Port Lawrence and Vistula were incorporated, is celebrating its 125th anniversary. The City Fathers adopted "Labor-are est Orare (To Labor is to Pray) as the civic motto and using a red replica of Fort Industry, mounted within a blue circle on a white panel flanked by two wide blue vertical bars, formed the City's flag.

Home of Glass

In 1888, when Edward Drummond Libbey founded the Libbey Glass Company, Toledo obtained its first glass plant. From this small beginning our city went on to become the glass capital of the world. Nowhere else in the world is there concentrated so many headquarters of the glass industry. Products manufactured by these companies represent all phases of the glass industry.

Center of Culture

The Toledo Museum of Art is the cultural headquarters of this municipality. Ranking among the top ten in the nation, it was founded in 1901 and has a per capita yearly attendance of more than 350,000. Paintings include the works of the old masters as well as those of the modern painters. Rosary Cathedral, Toledo University and Mary Manse College also augment Toledo's culture.

Port of the Sea

Although Toledo is one-hundred and twenty-five years old, it is only recently that it has come to be known as "The Key to the Sea". The Saint Lawrence Seaway makes the ports of the Great Lakes accessable to ocean going vessels. The ports of Scandanavia are actually closer to Toledo than to New York. In 1961 Toledo became the first and only Foreign Trade Zone on the Great Lakes and one of only five in the nation.

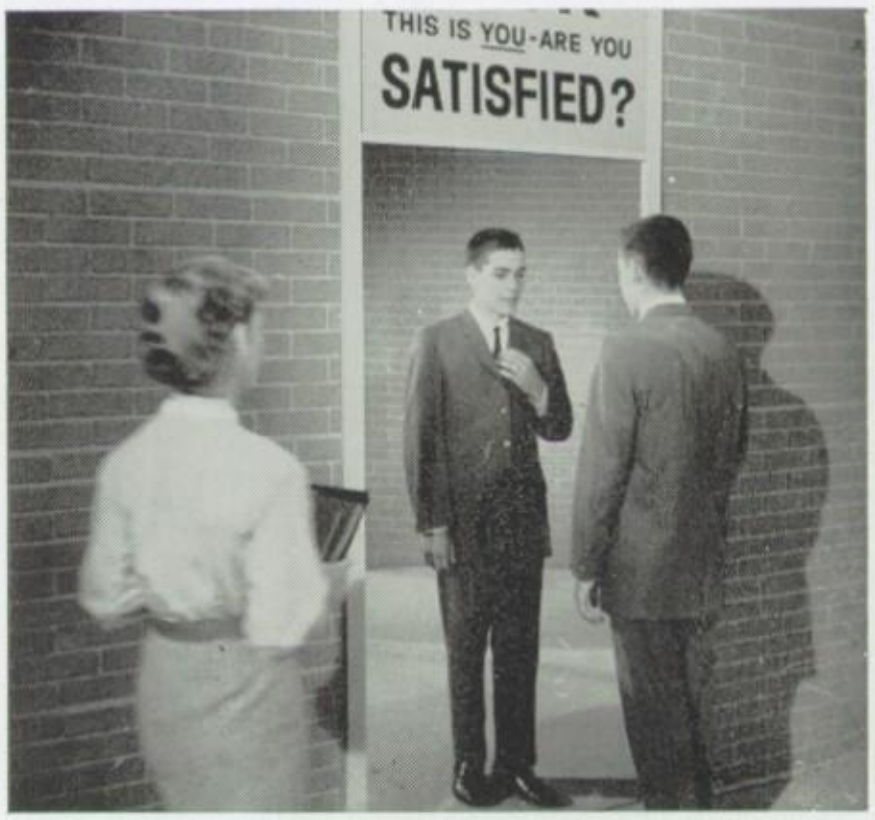
ARE YOU SATISFIED?

Grownups know that personal grooming is important if you want to "get ahead". Teenagers sometimes forget to look at themselves objectively.

So that boys and girls could see themselves as others see them, a full-length mirror was installed in the main corridor of a high school in Buffalo, N. Y.

Boys checked shirttails and trouser lengths—even started wearing coats and ties. Girls stopped to tuck in blouses or rearrange their hair. Renewed pride came to this school—all because of a mirror!



A mirror is a "must" at school . . . at home . . . anywhere. Always check your appearance before going out. It's a good habit to form and others will notice.

When *you* buy a mirror, be sure it's made of L·O·F *Parallel-O-Plate®* glass, *twin-ground* for truer reflections and more freedom from distortion. You'll find a wide selection at your furniture, glass or department store.

In 1924 Libbey—a division of Owens-Illinois—perfected a unique fire process for safeguarding the rims of fine glassware.

They called this glassware "Safedge"—and to prove the process was as good as claimed, they backed it with the most dramatic guarantee in glass history:

"If any 'Safedge' glass becomes chipped on the rim, from any cause whatsoever, it will be replaced free of cost." This offer, of course, still stands.

Today, Libbey "Everyday Crystal" with the famous "Safedge" guarantee graces even the finest tables, yet sells at low prices.
